## *Umpqua Discovery Center.*

Take a step back in time to the early 1700s and enter “Tidewater and Time” where a authentic native plank house and artifacts offer a glimpse of the Kuuich tribe in “Paradise of the Past.”

“Early Explorers” examines the arrival of the first wave of settlers and trappers, and the “Maritime Connection” visits a bustling 19th century port. The scene is exactly as it was when large schooners sailed in and out of the harbor bringing in needed supplies to settlers and then shipping out lumber, salmon and agricultural products to the rest of the world.

And be sure to visit the newest wing “Pathways to discovery exploring tidewater country”. For More information click on [www.umpquadiscoverycenter.com](http://www.umpquadiscoverycenter.com)

*Umpqua River  
Lighthouse*

## *Become a “Lighthouse Friend.”*

With more lighthouses across the nation being decommissioned, Friends of the Umpqua River Lighthouse was formed with a mission of raising the public’s consciousness about our Lighthouse, its maritime history and to save the First Order Fresnel Lens from joining the ranks of the decommissioned. Needless to say, everyone was ecstatic when the decision was made that the crown jewel lens would remain in place, guiding vessels safely home to shore. This decision was made possible by the Douglas County Commissioners and the entire Reedsport, Winchester Bay and Gardiner communities.

The Friends of the Umpqua River Lighthouse offers memberships to individuals and companies to help fund-raise for the ongoing preservation needs as well as supplementing educational programs at the Lighthouse Museum. They both welcome and encourage your support. For more information on this historic icon, click on the link below.
